## Course Overview

Event Management when compared to other traditional professions such as medicine, law and accounting is relatively a young field. It is an area that is growing rapidly and now represents hundreds of professionals who are responsible for planning, coordinating and evaluating a wide range of events all year round.

Event management is predominantly **about creating an experience**. Bearing in mind that first impressions last, it is important when embarking on any event regardless of its scale to take the correct approach and use the right techniques to ensure that your event is successful.

This course will provide participants with the practical skills and knowledge required to successfully plan, implement, organize, manage, monitor and evaluate special events.

## Course Outcomes

---

- Develop an effective Event Plan to create and design memorable events
- Utilize specific techniques and tools of the event planning process to manage and monitor the success of the event.
- Ensure that organizational objectives are being achieved.
- Appreciate the importance of risk assessment and contingency planning when coordinating events
- Appreciate the importance of proper time management and task management to an event's success
- Demonstrate leadership skills (event managers need to consistently get the best out of their teams)
