## Course Overview

The *Advanced Computer Programme for Secretaries* is a professional development course offered by **Magna Skills**, designed to equip secretaries, administrative officers, and executive assistants with advanced digital and office management competencies.

As administrative functions evolve in the digital era, this course bridges traditional secretarial skills with modern computer applications, enabling participants to manage information efficiently, produce high-quality documents, coordinate digital communication, and maintain data security. Through a blend of hands-on exercises and real-world scenarios, participants will enhance their productivity, efficiency, and professionalism in today's technology-driven work environment.

## Course Outcomes

- By the end of this course, participants will be able to:
  1. Apply advanced Microsoft Office tools (Word, Excel, PowerPoint, Outlook) for effective document creation, data management, and presentation.
  - 2.

Utilize modern digital communication and scheduling tools to manage meetings and correspondence efficiently.

3. Implement file management, cloud storage, and data protection techniques to ensure secure office operations.
4. Integrate time management and productivity software to streamline administrative workflows.
5. Apply professional etiquette and digital communication skills to support executives in a high-paced work environment.

## Course Outline / Curriculum
