Course Overview

This course aims to equip participants with the necessary skills to deal with HIV/AIDS in different care, counselling and educational situations in the multicultural South African context. The course offers participants the opportunity to: disseminate correct and relevant information on HIV/AIDS in the community; facilitate the breakdown of negative attitudes, stereotypes and misconceptions about HIV/AIDS; promote HIV/AIDS prevention strategies in the community; counsel clients on various HIV/AIDS aspects; provide pre- and post-HIV test counselling; deal with cultural and sexual diversity; apply basic legal and ethical issues in various contexts; understand the basic principles of home-based care; use resources and be able to participate in networking; develop and facilitate educational programmes

Course Outcomes

- Self- and target group assessment
- Principles of adult learning
- Selecting and utilising training technology and methods
- Planning and designing training modules, programmes and workshops
- Facilitation and co-facilitation skills
- Evaluation of training content and process
- Giving and receiving feedback
- Managing stress
